FEDERAL ENERGY
REGULATORY COMMISSION

Dear Magalie R. Salas,

I am writing to you today concerning the citizens of Long Islands' campaign for the environment. Broadwater is a proposal to place a Liquefied Natural Gas terminal in the middle of the Sound, approximately 9 miles from Rocky Point. Open water will be given to a private corporation.

Broadwater is too costly, risky and not needed in the Sound and the constant armed private security disrupts the peaceful tranquil waters of the Sound. This facility will limit public access and set a dangerous precedent of industrializing the Sound. Please consider revising this idea of building the Broadwater (LNG) terminal in Long Island.

Thank you for your support.

Sincerely,

Tiffany Hoefel
